INTRODUCTION

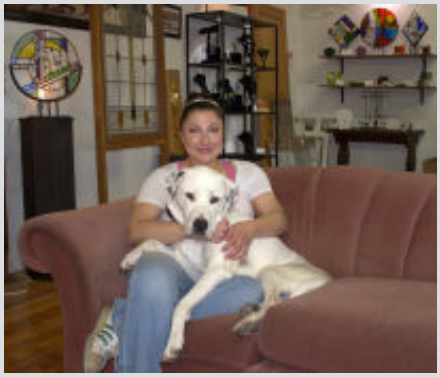
The Pompei Stained Glass studio was founded by Joseph Pompei in 1979. Joseph s joined by his wife, Ivy Pompei, as a fulltime partner in 1981. After being located in Medford MA for 32 years, the Pompei studio moved to Western Avenue Studios, now the largest artists 'colony of its kind in the United States

Over the past 44 years, the Pompei studio has gained a reputation among architects, interior designers , builders and homeowners as one of the East Coast's premiere suppliers of Architectural Art Glass.

Joseph & Ivy Pompei

Since that time, Pompei Stained Glass has gained a reputation among professional Architects, Interior Designers , Contractors and homeowners as one of Boston's premiere stained glass studios.

Inspired by the timeless simple beauty of the art glass windows of Frank Lloyd Wright and the Praire School architects, Joseph Pompei has drawn upon his 47 years experience as an stained glass artisan to create this series of custom limited edition stained glass windows which capture the essence of the mission style, and incorporate Pompei's unique stylistic thumbprint.



Marissa Pompei with Riley

Each piece is custom fabricated in our Massachusetts studio , signed and dated by Joseph Pompei, and made to order taking into account your size, color and privacy needs.

More recently, the Pompeis welcomed their daughter Marissa as a full time studio member. Marissa is a fused glass artist, specializing in unique fused glass jewelry and accessories. Be sure to visit our new fused glass jewelry webpage and online Etsy store.

As committed artisans, the pursuit of excellence is reflected in all their own commissions.We invite you to visit to the Pompei studio in person or on-line at www.pompeiglass.com

PRICING GUIDE

Price is a function of two factors - size, which is computed in square feet, and design detail. Additionally, we discount based upon the number of panels you order. To compute your cost, take the height and width of your window. Find the price table which corresponds to the price group of the design you are pricing. Then simply match the height and width of your window to the appropriate chart.

Example: To price the **Wainwright House** design in a size of 14-1/2" x 42-3/8" use ***Price Table A.*** The width of 14-1/2" inches is greater than the 12 " table, so refer to the next highest column - 18". Similarly, the height is computed using the 48" row. Cost for this design in your size is **$1565.00**, plus crating .

THE ORDERING PROCESS

Throughout the order process, you will work directly with Joseph Pompei who will assist you in determining a design direction along with the selection glass colors and textures.

Here's how the process works:

• Contact Joseph Pompei via email (info@pompeiglass.com) or call us at 781-395-8867 to initiate a discussion about your project. You will discuss your goals, design themes, color pallete privacy requirements and budget.

• After determining a design direction, you will be provided with a accurate price quote, including crating & shipping charges along with an estimated timetable for delivery.

• If you decide to proceed with the commission, you will be asked to provide a design deposit of 20% of your total order.

• After receipt of design deposit, a colorized design proof, with a glass color key, will be prepared and either emailed or sent to you via the US Postal Service.

• Upon the final approval of your design and selection of your glass, you will be asked to approve the design by signing off and returning the design to Pompei & Company, along with the balance of a 50% fabrication deposit.

• You will be notified when your commission has been completed and ready to ship, and be given the choice of paying the balance due C.O.D. or by prepaying with a bank check, VISA or Mastercard.

• Finally, in order to assure that your commission arrives safely, we build a museum quality custom crate for each shipment, and will include any special installation and maintenance instructions.

CRATING & FREE SHIPPING

Shipping is FREE within the continental US, with some exceptions. Large windows, or multiple quanitity orders may need to be shipped via common carrier truck. If common carrier is used to ship, there is a $150.00 delivery charge if you want your windows delivered to your job site or home. **There is no extra charge if you pick up at the freight terminal.**

In order to afford maximum shipping protection, your art glass is crated in a wood box equipped with rope handles for easy and safe handling. Each panel is wrapped in bubble wrap and surrounded with one inch styrofoam resulting in zero shipping damage over the past 18 months.

Boxing charge is based upon size and quantity:

1-3 panels sized up to 42" w or 42" h is $95.00; 4-6 panels $110.00; + 5 panels is quoted
1-3 panels sized over 42" w or 42" h is $135.00; 4-6 panels $155.00; + 5 panels is quoted

GLASS & CUSTOM COLOR OPTIONS

After placing your order and before we begin fabricating your commission, we will send you a colorized scaled design proof along with a set of glass samples for you to review and make any adjustments or changes in design or glass selection.

The three color options listed with each design as our standard selections. However, you may opt to add or delete colors or textures to any standard options. Most often there is no additional charge.
